## Summary

Organized and dependable candidate, successful at managing multiple priorities with a positive attitude.

Willingness to take on added responsibilities to meet team goals.

Highly skilled Full-Stack Developer with over 9 years of experience in designing, developing, and maintaining web, and mobile applications.

Proficient in PHP frameworks such as Laravel and Symfony, as well as front-end technologies like HTML, CSS, Bootstrap, JavaScript, and jQuery.

Demonstrated ability to troubleshoot issues, optimize performance, and ensure cross-browser compatibility.

Proven expertise in developing high-performing mobile applications for both Android and iOS platforms using frameworks Flutter.

## Experience

### Web & Mobile Developer

Cemex Egypt

Oct 2017 - Present (6 years 11 months)

Led the development of multiple web and mobile applications, ensuring timely delivery and high-quality standards.

Collaborated with cross-functional teams to define project requirements and deliverables.

Designed and implemented RESTful APIs for seamless integration between web and mobile platforms.

Conducted performance tuning and optimization of web and mobile applications to enhance user experience.

Mentored junior developers, providing guidance and support to foster professional growth.

### Web & Mobile Developer

Exception Tech Group

Jan 2017 - Present (7 years 8 months)

Developed innovative web and mobile applications using Laravel and React Native, enhancing user experience across multiple platforms.

Optimized applications for maximum speed and scalability, implementing best practices for web and mobile development.

Integrated secure payment gateways and third-party APIs to expand application functionality.

Ensured cross-browser and cross-device compatibility, conducting extensive testing and debugging.

Provided technical support and troubleshooting for web and mobile applications, addressing performance issues and user feedback.

Worked closely with UI/UX designers to create intuitive and responsive user interfaces.

### Backend Developer

Ibnsina Pharma

Nov 2015 - Dec 2016 (1 year 2 months)

Designed and developed secure web applications for managing pharmacies records and medical data using PHP and Laravel.

Implemented HIPAA-compliant features to ensure data privacy and security in all web applications.

Collaborated with healthcare professionals to gather requirements and ensure the applications met pharmacies needs.

Integrated third-party APIs for real-time data exchange with medical devices and other healthcare systems.

Conducted thorough testing and debugging to ensure reliability and accuracy of medical data handling.

Developed user-friendly interfaces to improve accessibility and usability for medical staff and pharmacies.

Provided ongoing maintenance and support, implementing updates and new features based on user feedback and regulatory changes.

## **Back End Developer**

TE data

Oct 2014 - Oct 2015 (1 year 1 month)

## **Education**

**Assiut University**

## **Skills**

Version Control Tools • Model-View-Presenter (MVP) • Clean Coding • JavaScript • Dart • Flutter •  
Cascading Style Sheets (CSS) • Bootstrap • MySQL • Microsoft Office
